# RECONSTRUCTION.

To the Editor of The N. Y. Tribune. Siz: A worthy young man, who was driven out of Virginia in 1861, and has since supported himself in the North, writes me from Washington as follows: "I was up the country a few days ago, and the Beccan came near killing me. They are quite as bad as ever, and I fear the whole thing will have to be fought over.

"It is evident I cannot live in Virginia, the home of my circs since it was a colony.

Congress did nothing to protect me, and Gen. Grant refuses

The Robels tool me that I was outside the protection of the d—d thieving Yankee sons of ——, &c."

from Washington, it is a sad commentary upon the feeling existing South toward Union men, produced by the course of Andrew Johnson. Very truly, DRABE DE KAY. New-York, Oct. 30, 1866.

## NEW-JERSEY.

To the Editor of The N. Y. Tribune. Sir: I thank you for publishing my communication relative to the innecisfiency of the Union State Committee of New Jersey; but must take exception to the remarks with which you accompany it. So far as I know, the Union men of this State do not propose to bribe any man. But no one is betwhich you accompany it. So far as I know, the Union men of this State do not propose to bribe any man. But no one is better aware than yourself that the cost of "enlightening the voters" which is what we are carneatly endeavoring to do, is rather an expensive business, especially in such a district as the case from which I hall. Halls must be hired, posters printed and paid for documents prepared and published, speakers secured, and paid not the preliminary work of the canvass, all of which requires money. And when there is no concert of action in the business, as the appointment of a State Committee presupences there ought to be, then the expense is very materially enhanced. Add to this, on election day, we have to secure the services of many men whose sid is essential to our success, as challengers, solicitors of votes, and as teamsters to bring up the aged, the helpiess, and the laggard, who would otherwise remain from the polis. Most of these men hope for mething from office, and are unable to less the time necessary for this work, so they have to be remunerated for their labor. This work, so they have to be remunerated for their labor. This work has the without it, we should suffer seriously at the polls. In our district, Jack Rogers boosts that he has \$10,000 from the Administration to secure his circiton. Of course we all know how he will spend it. Now while we do not purpose to buy or bribe any one, we must exert ourselves in every possible lawful and honorable way to defeat him and his moneyed influence. To do this, the necessary means must be raised, and we have comparatively few individuals upon whom we can consistently call for assistance. We regard his defeat as of more than local importance, and shall spare to effort to accomplish it in an honorable mainer. Is it right that the whole burden should fall upon half a dozen or a dozen man if the shall burden should fall upon half a dozen or a dozen man if the shall burden should fall upon half a dozen or a dozen man if the shall burden should fall upo

THE SITUATION IN NEW-JERSEY. onists of New-Jersey are maintaining a spirited canvass, with a growing prospect of a most complete vic-tory. In the let Congressional District, composed of Atlantic, Cape May, Cumberland, Camden. Gloucester and Salem, Mr. William P. Moore will certainly be elected by

The IId District is composed of four counties-Builing-

ton, Ocean, Mercer and Monmonth; the first three are decidedly Republican, and there is no danger of their majorities being overcome by the Copperheads of Monmouth. In this District Mr. Wm. A. Newell is the Republican candidate, and is sure to be elected.

In the Hid District, Mr. John Davidson is making " most galiant fight; the Unionists are well or anized and are working earnestly, with a fair prosper, of winning the in the IVth District, the election of Mr. John

Bill, the Republican Candidate, is claimed by his friends, who are qui'e confident of success. This is Jack " Roger's A strict; the Copperheads and the Conservatives are at loggerheads, and the feud is so deep that even about a Rogers's withdraw Hill would carry the district agains, a single competitor.

The Vth District, composed of Newark city and Hudson county, will undoubtedly elect Mr. George A. Halsey, the Republican candidate.

In view of the election of a United States Senator in place of Senator Wright, who, it is reported, will resign on necount of continued ill health, the contests for members of the Legislyture are not less spirited than those for Coagressional representation. The heat of the cauvass is therefore carried, with great vigor, into every county and preciset, and the fall vote of the State will be brought out. There never was a brighter prospect for the redemption of New-Jersey. This our friends fully appreciate, and are laboring in all parts of the State with a zeal that promises

DEMOCRATIC NOMINEES.

BY TELEGRAPH TO THE TRIBUXE.
St. LOUIS, Oct. 31.—At a Rebel meeting in Shelby County, the Rebels tried to pin the charge of sanctioning Claib. Jackson's answer to Lincoln for troops upon Col. Benjamin, the Radical Congressman. The Chairman, Secretary, and others of the meeting that passed the resolution were sworn, thoroughly disproving the charge but

Scretary, and others of the meeting that passed the resolution were sworn, thoroughly disproving the charge, but fixing it clearly upon John M. Glover, now the Conservative nominee, who was the principal speaker at the meeting. It was further shown that Gen. Benjamin at that time often denounced the resolutions as treasonable and unworthy the County of Shelby.

Gross outrages have been practiced on the Registry Board in Howard County by frightening off timid persons. The Rebelt succeeded in placing a few of their own friends on the Board. The result is that 100 noted Rebels have been registered, including men who declined to answer questions after taking the oath, and others who answered that their sympathies had always been with the South in war. Gov. Fletcher has ordered an investigation. Gen. McNeil certifies that John Hogan told him, in 1861, that the United States troops would soon have to stay on the other side of the river. This was while Hegan was Buchanna's Postmaster.

Isaac H. Sturgeon, heretofore a prominent Conservative and Buchanan's sub-Treasurer at St. Louis, has declared himself a Radical.

BLECTION TO-DAY-NO INTEREST IN POLITICAL MAT-TERS-UNIVERSAL SUFFRAGE.

BY TELEGRAPH TO THE TRIBUNE.

NASHVILLE, Oct. 31.—A special election takes place in this and nine other Counties to-morrow for the choice of ten members to the Legislature. A Radical mass meeting at the Capitol last night was a slim affair and devoid of interest. The Conservative State Convention, held a few days since, and which had been announced for weeks, was a still greater failure, not over two dozen persons attend-ing the evening session, so that the meeting had to be ad-journed without exercises or speech-making. In the morning session The New-York Independent and Wendell morning session The New-York Independent and Wenderi Phillips a speeches were quoted with particular emphasis, as embodying the prevailing Northern sentiments. Very little interest is manifested in politics in either political party. A movement is on foot to hold a meeting here on the 8th inst., for the purpose of promoting universal suf-frage and universal amnesty. Some of the most promi-nent ex-Rebels are identified with the movement.

Previous to the opening of the meeting, there was a grand parade of the Loyal League, headed by the Eastman College hand. The speakers for the evening were Judge Gollowsy of Ohio and Major James Haggerty of New York. Each occupied an hour's time, and both were frequently interrupted with long continued applause. When the speaking had ended, cheers were given for the entire State ticket, for Gen. John H. Ketchum, our candidate for Congress; for B. Platt Carpenter, esq., the removed Assessor, and for every removed officer in the District.

REPUBLICAN-UNION COUNTY CONVENTION. GEN. CHARLES G. HALPINE NOMINATION FOR REGIS-

TER-MR. M'KINNEY'S LETTER OF DECLINATION. This Convention met Tuesday evening, Alex. McLeod in the chair. The President stated that Mr. McKinney had declined the nomination for Register. The Convention then proceeded to fill the vacancy, and Gen. Charles G. Halpine was nominated by acclamation. The following is Mr. McKinney's letter declining the nomination:

ing is Mr. McKinney's letter declining the nomination:

"To the Hon. Alexander McLeot. Preadent, and Messre. McCartin, Ellisson, and Contrible, Secretaries, Union-Republican County Concention.

Gentlemen: Your communication of the 19th instant, tendering to me the nomination for Register of the City and County of New-York in behalf of the Union-Republican Concention, has been received. I believe that all true friends of an honest and seconomical administration of our city affairs should be united against the combinations of the Ring to perpetuate the present corrupt and extravagant management of our Municipal Government, and that it would prove wise and judicious, if the object can be attained, for all the opponents of the Tammany Hall alliance to unite upon candidates for city offices, with a view of harmonizing all interests. I beg leave to decline the nomination of your Convention for Register. With a firm conviction that the party of progress, of honesty, of justice, and of liberty in this State will schieve another grand triumph, and place our noble New-York alongside of Pennsylvania, Ohio, Vermont, and the other true and loyal States, on the platform of the Constitutional Amendment and universal freedom, and with sentiments of the highest regard for your-selves and the body you represent, and with thanks for the honor conferred upon me, I am, very respectfully.

"Yours, &c.,

The Editor of The N. Y. Tribuse.

To the Editor of The N. Y. Tribune.
Sint If Mr. Charles G. Halpine, who is a member of the Citizen's Association, would stop the abuses of our Register's Office, for which he is a candidate, he could be elected. That office comes very near to the people, and to elected. That office comes very near to the people, and to the many of small means. All deeds and mortgages must be recorded, and titles must be searched. The City Register has for years been exacting many thousands of dollars, in the aggregate more than his legal fees, and all this comes out of the earnings of the people. I call on Mr. Halpine to give a pledge of what he will do about this, and am ready to surprise him and the public with something more specific on the subject.

MEETING OF TAMMANY HALL GENERAL COMMITTEE. MEETING OF TAMMANY HALL GENERAL COMMITTEE.

The Tammany General Committee met yesterday at 4 o'clock p.m., in Tammany Hall. The President Mr. Wm. M. Tweed, called the meeting to order. He stated the object of the meeting was the taking of such action as might be deemed necessary to secure the polling of all the votes of the party at the ensuing election. He said a few words concerning the registry, and stated that policeane were visiting the houses of the various wards for the purpose of ascertaining the actual residence of those already registered. These policemen's visits frighten many of the Tammany people, inquiries concerning names being to many as sure indications of a draft or other calamity. The members of the General Committee should see that all this brought no harm to the cause.

At the close of Mr. Tweed's remarks, a motion was made to adjourn to Thursday evening, m 73 o'clock, which, after a little discussion, was carried. At the necting this evening, a committee of 100 men for each ward will be appointed to act as a Vigilance Committee on the day of election.

DEMOCRATIC UNION COUNTY CONVENTION.

An adjourned meeting of this organization met on Tuesday evening and nominated P. J. McAlear of the Thir teenth Ward as a candidate for Supervisor, in place of Smith Ely, jr., who declined to be a candidate for reflection.

RATIFICATION MEETING.

A mass meeting will be held this evening at the hall on Broadway, between Sixty-fourth and Sixty-fifth-siz. to ratify the nomination of the Hon, William A. Darling for Congress and Charles H. Kitchell for Assembly. Gen. H. Edwin Tremain and Dr. Schuetz will make addresses.

Last evening there was a very fair gathering of the Radicals of the District at the Germania Rooms, distinguished especially by the predominance of the German and Irish elements in our city, called together for the purpose of ratifying the nomination of Mr. Steinbrenner, to represent the VIIth Congressional District.

The meeting was organized by the appointment of Mr. Robt.
Crowe as chairman, who, on taking his position, delivered quite an effective speech against the policy of Andrew Johnson, and also against the propriety of Irishmen, and particularly Femians, giving to it, or hin, any encouragement whatever. When he had concluded his introductory remarks he introduced Mr. Steinberener, who denounced Mr. Chandler as an aristocrat who had never mised his voice in Congress in favor of the

workingman, or recommended his interests in any position he had occupied. In conclusion he pledged himself as in favor of the interests of the workingman.

He was followed by Gen. John W. Mahon of Massachusetts, who spoke strongly against the policy of the President, and invoked all present to stand by Congress, and in doing so te stand by Mr. Steinhren, ner, the Republican Candidate of the District. THE NINTH DISTRICT-GREAT PARLIC BATTIFICATION

THE NINTH DISTRICT—GREAT DARLL.

An immense and most enthusiastic Republical parametring was held last evening at Koch's Terrage for arising the Twenty second Ward, for the purpose of anying the remaination of the Hon. Wm. A. Darling the present Member of Congress from the IXth Distriction in the Twenty second when the IXth Distriction in the IXth Distriction were illuminated by a grand display of areworks, and at an early hour thomsands of the earnest ettlers of the district had assembled, including bu dreds of the standy Germans of the ward, resolved to avert the disgrace of the election of Fernando Wood, and many Irish, eager to resent the duplicity of Andrew Johnson and his friends. This District is being canvassed with great spirit on both sides—the Republicans being inspired by the fact that Fernando Wood is the candidate of the opposition, and the latter being encouraged by their success in having builled lite third candidate of the tirack. The style in which the Democracy are conducting the canvass may be judged from the fact that they have already circulated bills as follows: "Regular Republican Candidate for Congress Fernando Wood!"

Large processions arrived from the XIIth and XIXth Wards with transparencies, Chinese lanterns, and patrictio devices, and the manner in which the large Hell was lighted added much to the picturesqueness of the effect. Mijor-tien R. C. Schenck of Ohio was announced and expected, but was detenting to order, and nominated, to the chair, Wm. H. One of the most interesting incidents of the evening, was the appearance of a company of juxchile soldiers, of from four to eight years, all orphans of them who gave their lives to their country during the Rebellion. They were chad in the regular Zonave uniform, and with natine mankels, went through the drill and maninal of arms with decided success, after which they sing a Union rallying song. The little band was commanded by Capt. Lawrence Ludlow.

Large processions of cardrivers and laboring men of the Ward were also present, crowding the hall, so that hundreds went away unable to obtain even standing room.

A series of spirited resolutions was adopted, among which were.

and came forward, when a most affectionate greeting was renewed by the laboring mea who had come in pleasant contact with the candidate in the District, and especially along the Third ave. Reilroad.

\*\*REECH OF THE RON WM. A. DARLING.\*\*

My Friends, Fellow Citizens and Roys: It would be affects tion in me to deny that this warm greeting of the men amony whom I have lived is very grateful to my feelings. It shows that that the life of a New York boy has not been spent among you in vain—[cheevs and cries of "Well remember you, old man!"]—for when I come before yon. You meet me with applease that tells me that you know I have been faithful to my trust. [Lood cheers for Darling.] It is a tribute from the yeomanry, the hard-workers of my district, of which any man might be proud, and I am very proud of it. The honesty and integrity of the people are on trial in this election. The campaign has assumed a new face. Mr. Jackson, the candidate of Tammany Hall, has been forced to resign—the alternative being a secrifice of that manhood which everybody knows he possesses. Mr. Wood seconts nominations; he nominates himself, and forces himself into the attitude of a candidate. The question is, whether that notroines man, with his notorious record, can oblige the people of this District to elect him, or whether he shall be ence more laid on the shelf. It will not do for a man to say. "Oh I will not vote for such a man; I will stay from the pells." for such a voter half supports him in retusing to vote for his competitor. [Applause, and cries of "That's it."] Is he a friend of the workingman! He says so, but you know that his works are as false as the pledges which he makes only to riolate. [Cheers.] I did not expect to say snything disrespectful of my opponent; but self-dedense is the first law of nature, and I owe it to my constituents to correct his fabrications. No arrocious he seems to be a first law of nature, and I owe it for my constituents to correct his fabrications. No arrocious he seems to be leaved to have a so ig

HID ASSEMBLY DISTRICT REPUBLICAN ASSOCIATION.

This Association held a ratification meeting at Grosse's Garden. Williams at, last evening, the President, Theo. C. Williams, in the chair. The first spacker was Gent. Lippet of Rhode Island. He said: No matter how patriotic a party, or how pure its principles, if you can only give it a bad name, you can do it more injury than the eloquence of many Daniel Websters could indied. It has been so with the Abolitonists, who, many years since, were first stigmatized as amalgamationists. So now, the Rebels call the Republicams disamionists, when it is well known that they themselves are the only disunionists. The speaker then proceeded to answer several charges against the Union party. The Rebels charge as with keeping them out of Congress, and cry. "taxation without representation" while they at the same time distranchise the negroes at the South, 2000,000 in number, comprising two-fifths of their entire population. The District of Columbia and the territories are not represented in Congress, but we find no complaint among them. Representation cannot be an indefeasible right, as Michigan and California were both kept out of Congress, even after they had the requisite amount of population. The President himself has vetted the bill admitting Colorado into the Union. Gen. Lippet then dwelt at length on the immense patronage at the disposal of the Executive, and referred to the Gen. Jackson axiom, that "to the victor belongeth the spoils," which has been changed by the practice of Mr. Johnson into "to the vanquished belong the spoils."

Gen. Lippet was followed by Gen. Hite of Kentneky, who was formerly a slaveholder, and who took a prominent part (on the Union side) in the late war. The slaveholders, he said, never claimed before the war that Slavery was a blessing, but acknowledged that it was a moral, political and social evil, which had to be endured.

THE THIRD CONGRESSIONAL DISTRICT—THE REPUBLICAN CANDIDATE FOR CONGRESS.

The following correspondence relates to a charge against Mr. S. B. Chittenden, the Republican candidate for Congress, of an attempt to reduce the salaries of salesmen. Mr. Chittenden positively asserts that the charge is untrue:

No. 273 EROADWAY, Oct. 31, 1806.

Mr. Chittenden positively No. 173 BEOADWAY, Uct. 31, 1888.

S. B. CHITTENDEN, 189.:

DEAN SIN: Since your nomination for Congress, a report has gained currency and to some extent has been believed, among salesmen, to the effect that, is 1800 or 61, you tried to insugarste a nevernent that would reduce the salaries of all salesmen, whether in your employment or not, to \$500—indeed, this you are known to have said that no salesman was worth more than \$630. There are many young men in the Third Congressional District whose motters and siteries depend in the control of the whole motters and siteries depend in the most for their respectable appearance in society—yea, in sone incurance, for the very accessories of 1600—who will deem it a good secrice to vote against you next Tuesday, unless you can controdict in the most pastifer manner areas reports. Hoping for an easily reply, I am, very respectively, yours, &c., Ne, 348 Eroadway, Oct. 31, 1806.

No. 348 Broadway, Oct. 31, 1996.
My Bran Str.: I have received your note of this morning, and reply that there is not a word of truth nor even a shadow of substance in the report to which you refer. I deny explicitly that I have even "tried to inaugurate," or wished to inaugurate any "movement" to reduce or limit the salaries of clerks in my own employ or the employ of others to \$600, or any other sum whatever.

Very respectfully, your obedient servant.

S. B. CRITTENDER. TWENTIETH WARD REPUBLICAN UNION ASSOCIATION.

Very respectfully, your obscious decision.

A public meeting of this association was held last exening in a building in Comberlandset, near Lafayette ave. The meeting was called to order at 8 o'clock by Thee, 6, Shearman, who nominated Chas. C. Duncan as Chairman, and several vice-presidents and secretaries, which nominations were unanimously confirmed.

The Chairman made a few preliminary remarks, and concluded his brief address by introducing the Hon, Henry A. Stanton, who was received with applause.

Mr. Stanton then delivered a telling speech. The leaders of the Rebellion—the Copperhead Democracy—the President, in fact, each and every enemy of his country, in whistever guise they may appear, or by whatever hame known, were handled without gloves. He was frequently interrupted by applause, and closed his lengthy, able and convincing speech amid cheers. He was followed by Capt. Maxwell of New Orleans, by Thes. G. Shearman, esq., and by Frederick T. Parson, esq., the popular nominee for Assembly in the Fifth District.

A band of music was present during the evening.

ESCAPE FROM A CELL AT POLICE HEADQUARTERS-THE FUSITIVE A CALIFORNIA THIEF.-Yesterday morning. The Froffitte A California Their.—Yesterday morning, when the doorman at Police Headquarters visited the cells counceted with that institution as usual, he found that one of the immates had made his escape during the night. The fugritive is named John Lumbert. He was arrested fully six months since, by Detectives Bennett and Tiemann, on the California steamship Sautings de Guba on her arrival at this port, for having been concerned in the robbery of the trunks of the United States Internal Revenue Collector of Washington Territory, while on his way to San Francisco on the steamship Oregon, Gold, Treasury notes and bonds, altogether of the value of nearly \$40,030, were stolen, beside papers of considerable value. One of the other parties concerned in the robbery was arrested in San Francisco, and the greater portion of the stolen property recovered. From some reason Lambert has been allowed to remain here uncalled for by the California authorities. Once he was released on a writ of habeas corpus, thanks to the good offices of a lawyer who heard that he was incarrented at Police Headquarters. He was immediately rearrested, but soon after, owing to the negligence of some person at Police Headquarters, managed to slip out mobserved and escape from the building. He was arrested after a short absence in Philadelphia by Detective Bennett.

The cell from which he escaped was situated on the second or main floor of the building, and the window was defended by two rows of half-inch iron bars. Two of these he sawed through and then creeping through the aperture, dropped to the yard beneath, a distance of about 15 feet. Passing through the basement, he emerged upon Mulberry at by the basement door. Efforts will of course be made for his arrest. when the doorman at Police Headquarters visited the cells con-

The thieves were photographed, and then allowed to go, there being no direct charge against them. ATTEMPTED BURGLARY .- About 3 o'clock yesterday

morning Officer Gillen of the Twenty-first Precinct, heard a morning Officer Office in the two from near the corner of Thirtieth at, and Third-ave., down the street. On making an investigation the officer found that the fugitives had broken open a window in the rear office of Lowther & Son, on the above corner, with the evident intention of entering and robbing the place. The timely appearance of the officer prevented the consummation of the robbery.

means a horse race, and nothing more, and although a fine display of agricultural products and implements was promised on this occasion it proved no exception to the rule. Neither the agricultural products and implements which were to have been, nor the horses which were on exhibition at the coarse—not even the features, so familiar to sporting gentlemen, of Old Turn Haley at the gate—sufficed to draw together many mere than a hundred Jerseymen, and the remark of a bystander that "mighty little could be said for this crowd" was true in more senses than one.

No horses belonging to parties outside of Passale and Bergen Counties could be entered for any of the races except the closing one, a trotting match for \$500 premium for the best three in five, double harness, which was opened to all who wished to compete. The first race was won by Mr. McKee's old horse Skidd, the first heat being made in 2492 and the second in 249. The contest was with a black horse belonging to Mr. Van Blarcom on the first, and before reaching the first quarter pole on the second heat. Mr. Post having also Lady Dundee in the race, which, until then had made no show, but now gained rapidly, and passing the black, pressed Skidd hard on the home stretch, being beaten by him but a single length. Had the lady been properly driven on the far stretch, so as to enable her to do her best, it is almost certain she would have taken Skidd in this heat. There were six horses entered for the second race, a trotting match between four-year-old's, of which three were distanced in the first heat, the last coming in so far behind, that a facctious fellow advised her driver "to hide his mare behind the cellar door." Mr. Ryerson's Black was the second heat in 3.15, Mr. Longwell's Gray having the next place. The third race, between five-year-old s, was won by a black here belonging to Mr. Post. The third race, between the year-oas, was won by a borse horse belonging to Mr. Post. Time: first heat, 2:52; second heat, 3:52;

But the interest of the day concentrated in the match between the double-harness teams, for which there were three entries; Mr. Ryerson entering two buys—Mr. Allen a black and a bay, and Mr. Gelloway a gray and a rean. Mr. Allen's horses were from New-York. In the first pool sold Mr. Ryerson's team was the first choice, and \$50, the price paid, the second choice; Mr. Allen's selling at \$22.

First Hear—In the first heat Mr. Ryerson's team had slightly the advantage at the start, but it was a good one, and when well off Allen's team was neek and neek with Ryerson's until the first quarter-pole was reached. Along the far-stretch R gained half a length but lost slightly at the second quarter-pole, gaining something again on the stretch to the last quarter. Here A's horses came up splendilly, and they dashed along the home stretch neck and neck with Ryerson's, but, unfortunately. Mr. Allen's bay broke when near home and R. came in several lengths shead. Time, 2:49. The manner in which Mr. R's driver used his whip in this heat was reprehensible to say the least, as it seemed better adapted to retarding Mr. Allen's horses than urging on his own, and this conduct elicited a warning from the Jadges.

Secont Hear—Galloway's horses were distanced in the first heat, and were consequently out of the race for this, which commenced with much jockeying on the part of Ryerson's driver, and considerable time was wasted in getting a start, when off R. had the advantage of a length and gained about two lengths before the first quarter pole was reached. Along the far-stretch these relative distances were pretty evenly sustained, Allen's had the along the far-stretch these relative distances were pretty evenly sustained. Between on's horses was seen to run on the home-stretch, but Allef's kept abead and won the heat by a dozen lengths. Time, 2:57, son's horses was seen to run on the home-stretch, but All

POUGHEREPSIE, Oct. 31.—A very exciting game of bease ball came off in this city this afternoon, between the Union Clob of this place and the Undercliff of Cold Spring. The match was for a sliver ball and the champfonship of the Hudson River. It will be remembered the ball was won from the Hudson River. Revisit of the Well was not from the Hudson River Club of Newburgh last month, by the Union Clab of Lansingburgh, and by them sent back to the committee at Poughkerepse, who got up the ball last senson. The Unions stated that the distance for them to come and play for it in this city was too far. So a match was arranged between the Union Club of this city and the Undercliff of Cold Spring, and the time for the match set down for to-day.

It was 24 p. m. when the game commenced, the Unions going to the bat and making four-runs. On going to the bat, the Unions made four runs, while the Undercliffs drew a blank. In this inning. Medice of the Unions made a fine home-run. In the third innings the Unions to the Undercliffs in unning fly catches. In the fourth innings the Unions made two runs to the Undercliffs observed of the Unions made two runs to the Undercliffs ince. In the sixth inning, the Unions did not play quite as well, making six runs to the Undercliffs inne. In the sixth innings the Unions batted beautifully making seven runs to the Undercliffs' one. In this inning, Blackwell and Graham of the Unions made spiendid fly catches. In the seventh innings the game closed on account of the darkness, the Unions making one run to the Undercliffs' two. The Union Club has been recently organized, but showed themselves to be splendid players. On the conclusion of the game, the silver ball was presented to the Unions and lond cheering. The unpire, Mr. John Moore of the New York Cricket Club, performed his duties to the satisfaction of sil. We presume this will be the last game that will be played this season.
